HOST A FUNDRAISER

Your Step-By-Step Guide For Organising A Fundraiser

Step 1: Plan Your Event

Pick a day that suits everyone.

Step 2: Get Everyone Involved

Decide where to advertise your event, and recruit as many people as possible! You'll find a poster in this fundraising pack which will help you promote your event.

Step 3: Set Up Your Page

Online Fundraising Pages are easy to use and take away the stress of gathering donations, we recommend using iDonate to set up your fundraising page.

Step 4: Supercharge Your Event

You might plan additional ways to increase your fundraising efforts with a raffle or auction on the day, the team is here to support you with ideas!

Step 5: Share The Magic

Don't forget to share pictures and videos of the day with us on Facebook, LinkedIn and Instagram.

Step 6: Lodge Funds Raised

Once all funds are collected, please email info@makeaawish.ie and we will send you on details on how to make a lodgement.
